

"The history of Somerville, 2010-2100" is a community art project that is exploring what the future of Somerville might be like.

This timeline contains some of the predictions we're collected by talking to current and former Somerville residents. Would you like to participate by making a prediction? We hope you will! Email us at future.of.somerville@gmail.com

Organized by Tim Devin.

The history of Somerville, 2010-2100
